| Impersonating Brand | flipkart.com              |
| Detected At         | demo run                  |
| Domain Status       | Live                      |
| Risk Score          | 90.0/100 — HIGH           |

## Evidence

|                                   |     |
|-----------------------------------|-----|
| Visual Similarity to flipkart.com | 1.0 |
| Login Form Detected               | Yes |

## Visual Comparison — Real Site vs. Suspicious Site

|                    |                                       |
|--------------------|---------------------------------------|
| REAL: flipkart.com | SUSPICIOUS: flipkart-secure-login.com |
|                    |                                       |

## Registrar / Abuse Contact Information

|                |                                                   |
|----------------|---------------------------------------------------|
| Registrar      | GoDaddy.com, LLC                                  |
| Domain Created | 2007-06-03T19:32:20Z                              |
| Abuse Email(s) | Not listed — check registrar's abuse contact page |

|                     |                                                                                             |
|---------------------|---------------------------------------------------------------------------------------------|
| <b>Name Servers</b> | SDNS14.ULTRADNS.BIZ,<br>SDNS14.ULTRADNS.COM,<br>SDNS14.ULTRADNS.NET,<br>SDNS14.ULTRADNS.ORG |
|---------------------|---------------------------------------------------------------------------------------------|

### Recommended Action

We recommend reporting this domain to the registrar's abuse team and, if hosted content is confirmed malicious, to the hosting provider's abuse contact as well. Include this report as supporting evidence.
